## CASE LOAD FOR ASSISTANCE BD. TOPS '48 MARK

The county's public assistance case load continues much higher than last year, but dropped slightly from last month, the report presented Tuesday evening at the monthly meeting of the county assistance board revealed. The session was held in the board's office, North Washington street.

A total of 803 cases were on the list as of May 1, Mrs. Verna Myers, executive director of the local office revealed. That number is two less than the 805 as of April 1 and 73 higher than the 730 recorded on May 1, 1948.

The breakdown of assistance as of May 1 showed 454 on the old age roles; 97 blind pension; 170 aid to dependent children and 82 general cases. The same divisions on May 1, 1948 was 452, 91, 117 and 70. The same division as of April 1 was 456, 97, 164 and 88.

Chairman of the board, J. D. Miller and a member, the Rev. A. W. Geigley announced plans to attend a Region Eight, Pennsylvania Welfare conference, session to be held in York May 24 on the topics, "Human Security-Its Attainment"; "Human Growth" and "A New Approach to Social Planning." Members of the staff were granted permission to attend the sessions.

It was announced that the civil service commission is now planning an examination for typists and stenographers and that applications are available at the assistant office. June 27 was set as the date for the next assistance board meeting.

## NEXT DISTRICT GOVERNOR OF ROTARY VISITS

William Swaim, a member of the Carlisle club and governor-elect of 18th district Rotary International, was a visitor on Tuesday evening at the weekly meeting of the Littlestown Rotary club held in Schott's banquet hall. The program, which was in charge of the international service committee, Stanley B. Stover, chairman, was divided into two sections.

A variety program by Mrs. J. Robert Sell, Mrs. Paul Kammerer and Mrs. Robert Mayers comprised the first section. It included a vocal duet by Mrs. Kammerer and Mrs. Mayers, accompanied on the piano by Mrs. Sell; a humorous reading, Mrs. Sell; a cornet solo, "Under the Double Eagle" by Mrs. Mayers, who was her own piano accompanist; and a piano duet, "Second Hungarian Rhapsody," by Mrs. Kammerer and Mrs. Sell.

The second section was a talk by Lloyd L. Staveland of the Littlestown high school faculty and a member of the club. His topic was, "The United Nations Organization." He explained the set up and the various committees having authority in the organization.

President Luther D. Snyder was in charge of the meeting. Next week, the letter boys and girls of the Littlestown high school will be guests of the club, when the program will be in charge of the community service committee, Cloy I. Crouse, chairman.

The proceeds of these two days will be used toward new uniforms for the state championship band.

## DRIVER CHARGED

Charges of reckless driving and passing another vehicle at a railroad crossing have been laid before Justice of the Peace John H. Baschore by borough police against Earl C. Hess, 20, York Springs. Police said Hess made the fastest trip around the square here of anyone in their recollection.

## GHS Band To Give Annual Show Friday

Raggety Ann and Andy will be among the childhood story-book characters who will "come to life" Friday evening during the annual show held by the Gettysburg high school band.

The program of musical numbers, skits and drum majorette drills will be held under the lights on Kurtz field, east of the high school building, starting at 8 o'clock. More than 100 high school students will take part in the program.

The program will begin with a band number entitled "Marching Symphony" by Fiasel, Theodore Hay, Kenneth Deardorff, Alfred Levan and Linn Kepner will comprise a trumpet quartet to play "The Trum-

peters" by Leidzen. Following an overture "Ariane," by Bayer, played by the band, Janet Carey and Mary Evans will present a flute duet "Swiss Boy."

The band will then play "Begin the Beguine" and a clarinet trio consisting of Barbara Ketterman, Dorothy Spence and Richard Hay will play, "Merriment Polka" by Bernard.

Doris Hann and Barbara Shealer will present a twirling routine to the music of "E Pluribus Unum." A tuba solo, "Pomposo" by Hayes will be played by David Jones and a trombone novelty "Slidin' Some" will be presented by Ralph Stiller, Merwin Weikert, Gerald Keller, Harold Raffensperger and Fred Oyler.

The Fairy Story Review will be presented by the drum majorettes with the group dressing the part of various characters from the stories.

The band will then play "Hungarian Dance No. 5," a march, "On the Mall," a novelty number, "Musical Wedding" with Mary Evans, Ralph Stiller, Dwight Putman and Donald Gordon featured. An overture "Mandalay" will be presented by the band prior to a twirling and dancing routine by the drum majorettes, with Caroline Miller and Francis Herring featured in the dance numbers. The school song, "Alma Mater" and the "Star Spangled Banner" will conclude the program.

## KNOUSE FOODS ORGANIZATION IS COMPLETED

One of the important food stories of the year came to a climax last week when final announcement was made that all negotiations had been completed for the new organization set-up of Knoose Foods Cooperative, Inc., of Peach Glen, with an authorized capital stock of \$3,000,000. All of the stock is owned by grower-members, management, employees and their friends. The announcement was made by M. E. Knoose, president, well known in the canning field and prominently associated with the apple growing and processing industry for the last twenty-five years.

The organization comprises over three hundred growers in the heart of the four state Cumberland-Appalachian belt. Each grower is part owner and each has an equal voting privilege.

**Growers on Board**  
The board of directors is composed of M. E. Knoose and a group of successful, and progressive growers. The board is elected by the three hundred grower-members.

The managing staff and supporting personnel is made up of men who have been prominently identified with the industry.

The company has purchased the Peach Glen and Chambersburg plants of the National Fruit Product Company; the Orrtanna Plant of the Orrtanna Canning Company and the Scotland plant of the Chambersburg Fruit Cooperative Association. These plants are equipped with the latest processing machinery. At the Peach Glen plant a large, new vinegar generator building is in the final stages of completion. It embodies all the newest ideas and was several years in planning and building. The combined floor space of the four plants is in excess of 450,000 square feet, and has an annual production capacity of two million cases. At peak seasons over a thousand workers are employed. ## Bedfast Cubs Thank County Boy Scouts For Recent Gift

The Idaville-Gardners Boy Scout troop has received a response to the package it sent to Italy to be given to some deserving scout group.

According to the answer, the package was presented to a troop of bedfast Cub scouts located at a sanatorium in Rome.

The answer, written in Italian, by a member of the St. Francis Cub pack in Rome follows in translation: "Dear Scout: The Cubs of St. Francis pack in Rome have been very moved by the kind thought you had in sending this package. Such a package has made us realize how beautiful Scout brotherhood is; we all thank you unitedly and we shall never forget you. "Do you know that last Sunday, May 8, we celebrated the feast of St. George? and we all participated in it! You will wonder how we managed, being bedfast, to get there. But it has been a quite simple thing. Baloo thought of providing us with autoambulances with many bearers, so we were all able to go. All the weight was on Baloo's shoulders; after having found the ambulances he is now looking for the money to pay them and we know he needs a lot and all this to see us happy. "In the pack besides Akela and Baloo there are Mang and Kora who

are teaching us many nice works; Chil who teaches us signallings; Phao the botanic and Baghera, collector and librarian.

"And now, tell me; who are you: are you a Cub or are you a Scout, an old Wolf or an officer? Are you big, or small like me? I am sure you will let me know who you are so that I can know you better and love you more. Thank you again and again. I send you and to all American Cubs our fondest love. Silvano, Black Wolves (den), St. Francis pack, Rome 1, Sanatorium Forlani, Rome."

The program opened with a Czech folk tune, "The Invitation" and "The Animal Store" by Florence Stinson, sung by the sixth grade chorus accompanied by Jean Little.

"Alleluia," Mozart, and "The Little Brown Church in the Vale," Pitts, were sung by the Lincoln school choir with Jean Little as accompanist. The choir then sang "Blue Bells of Scotland" and "Silver Moon" from Romberg's "My Maryland," with Anne Fortenbaugh as accompanist.

David Staunton sang "In a Friendly Sort O' Way," Black, as a bass solo.

The orchestra then presented, "All-American Day March," Norman; "On the Ganges," Courtney; "Scarlet Mask Overture," Crawford; "Blue Moon," Conrad, and "National Champions March," Barton. Samuel Scott played a trumpet solo "Forrest Echo."

The orchestra then presented, "All-American Day March," Norman; "On the Ganges," Courtney; "Scarlet Mask Overture," Crawford; "Blue Moon," Conrad, and "National Champions March," Barton. Samuel Scott played a trumpet solo "Forrest Echo."

At the same time Dr. Lloyd C. Keefe, superintendent of schools, said that Miss Edith E. Parry, a graduate of Hattboro high school, and of Ursinus college has been secured to fill the position held by Miss Adam.

Miss Parry, in addition to taking studies in girls' physical education, has also been active in Girl Scout activities during the past four years. Miss Adam, a graduate of Philadelphia high school was also an alumna of Ursinus college. She is resigning to marry Robert Buzzard who will graduate from Ursinus this June. She plans to continue in Girl Scout work.

## John J. McCloy Is Named U.S. High Commissioner To Germany

Washington, May 18 (AP)—President Truman today appointed John J. McCloy to be United States high commissioner for Germany.

McCloy is resigning as president of the World Bank to take on the assignment.

Directors of the World Bank elected Eugene Black, now a director as president to succeed McCloy.

The White House said the resignation will become effective no later than July 1.

It also said that McCloy will take under "early advisement" development of plans for the transfer of responsibility for non-military aspects of United States occupation of Germany from the army to the State Department and the Economic Cooperation Administration.

"This transfer will take place on or about the time of the establishment of the German provisional government," the announcement said.

High commissioner to Germany will be a new post.

The United States, Britain and France have made plans to give the Germans in their occupation zones a large degree of responsibility for governing themselves.

With the shift, strictly military control will end. Commissioners from the three governments will deal with the German government. However, occupation troops will continue to be kept in Germany.

## CHURCHES WILL MARK "MIRACLE OF FOOD" DAY

A number of churches throughout Adams county will celebrate "Miracle of Food Day" Sunday it was announced today.

In addition a number of radio stations will present a religious program including a recorded sermon by the Rev. Dr. Dwight F. Putman, former pastor of Christ Lutheran church here and now president of the Central Pennsylvania synod of the United Lutheran church in America.

The day is being promoted by a joint committee of the Pennsylvania Production and Marketing committee and the Pennsylvania Council of Churches.

## Is Old Custom

The day selected for the annual observance of this event follows the ancient church calendar, setting aside Rogation Sunday as the day for the "blessing of the fields, the seed and the sower." In some of Pennsylvania's churches this observance has taken the form of an outdoor service where a procession of the congregation to the fields dramatizes the seed time by the performance of certain rituals of seeding and petitions of blessing. In some rural churches this day has been set aside as "Rural Life Sunday" and a special service has been implemented to pay respect to farmers. According to 13th century tradition, Rogation Sunday falls on the fifth Sunday after Easter.

The chairman of the ministerial committee is Dr. Ivan M. Gould, executive secretary of the Pennsylvania Council of Churches, who is acting in this capacity at the request of Bishop John S. Stumm, the previous chairman.

## BURY VETERAN ON SATURDAY

## REV. FISHER IS DAR ASSEMBLY SPEAKER TODAY

"It is a difficult thing to be a citizen in a democracy," the Rev. Wallace Fisher, pastor of Christ Lutheran church, told students of Gettysburg high school this morning at the annual DAR assembly program held at the high school auditorium.

Prizes to the winners of the Daughters' of the American Revolution essay contest, prizes by the DAR for American history and for home economics were presented by Miss Alice Black, regent of the local DAR chapter, during the program.

Miss Jeanne Waltemyer, winner of first prize in the essay contest, read her essay on the rights and responsibilities of citizenship. Second prize went to Stuart Kleinmeyer. First prize in American history was awarded Anna Shryock and second prize went to Nina Williams. The first prize in home economics was awarded Betty Lee Dorsey and second prize went to Gloria Bolen.

## Special Music

The program opened with music by the Gettysburg high school band and Joyce Martin, who acted as master of ceremonies for the assembly, conducted devotions. The pledge of allegiance was led by Girl Scout Nancy Lighter. A girls sextette, including Nancy Butt, Clara Carroll, Jane Deardorff, Yvonne Porry, Edwina Lawver and Patricia Shealer, with Emma Scott accompanying at the piano, sang "Calm Is The Night" and "It Was a Lover and His Lass."

The program closed with the singing of "This Is My Country" and "Ain't-a That Good News" by the high school choir accompanied by Jacqueline Routsong, and the singing of the "Star Spangled Banner" by the audience.

"Proof that democracy is difficult to sustain is shown by the fact that within the lifetime of you students seated here a number of democratic experiments were born into the world and have disappeared," the Rev. Mr. Fisher said. "The Weimar republic in Germany was one of those democracies which have disappeared. And it failed principally because the German people would not accept the responsibility of free government."

## Must Interpret Facts

"It is difficult to be a citizen in a democracy. For the first three generations of this American republic the opinion of the best minds was that it could not endure, for a democracy is the most difficult form of political life to live."

"If we are to fulfill our duties as citizens there are four things needed, four things that each of us must do. We must gather all the facts bearing on a given situation, and we must not open our mouths until (Continued from Page 2)

## County Man Faces Emmitsburg Charge

Attempting to make a right turn in the western end of Emmitsburg about 7:45 o'clock Sunday night, S/Sgt. Joseph Ambrose Weishaar, aged 28, of Fairfield, lost control of his new sedan and it struck an iron hitching post, overturned on the sidewalk, and landed against an iron fence and concrete wall on the property of William Pralle. Weishaar escaped injury.

Having stopped another motorist at the intersection at the time, State Trooper Kenneth Bond was an eye witness to the accident. He said the iron hitch post which the driver struck was carried along with its large concrete foundation, a distance of about 25 feet after being torn out of the ground. The automobile was very badly damaged.

The section of iron fence on the Pralle property struck in the accident was pushed down, it was said. A charge of reckless driving was placed against Weishaar.

## Will Help Establish Protestant Newspaper

Dr. Abdel R. Wentz, president of the local seminary, has been elected a member of a corporation to establish an all-Protestant newspaper by a conference of church leaders from all parts of the county.

The newspaper will succeed the "Protestant Voice," which has been published privately for eight years. It will report the news of all Protestant churches, of every theological position. It will also include numerous photographs and features.

## FIRE DRILL TONIGHT

Fire Chief James A. Aumen announced today a fire drill will be held this evening at 6:30 o'clock with a special request for the ladder crew being planned for the demonstration work in connection with the July celebration to report this evening.

## "FACE-LIFTING" GIVES VETERAN \$23,000 FARM

Chambersburg, Pa., May 18 (AP)—

A 30-year old Cumberland Valley farmer has a \$23,000 farm today—thanks to a two-day soil conservation demonstration sponsored by the U. S. Department of Agriculture.

Only last Sunday the 165 acres were valued at a mere \$6,500. Then more than \$750,000 worth of farm machinery and 400 volunteer workers converged on the land.

"It is a noble example of what can be done by community co-operation," said John A. Smith, chairman of the Pennsylvania production and marketing committee.

Eyer, himself, said "It's just too wonderful for words." The South Pacific veteran is the father of five children.

### Main Improvements

Here are the main improvements made by the project.

1. Huge bulldozers cleared many acres of tree stumps and underbrush that can now be used for crops and pasture.

2. The entire farm is now laid out in contour strips to control excessive run-off of rainwater.

3. A new concrete block dairy house and a 35-foot silo have been constructed.

4. More than 3,000 tree seedlings and transplants have been planted to guard against erosion of soil.

5. Six acres were sowed with grass seed by a low-flying plane.

6. A 50 by 30-foot pond will insure an adequate supply of water throughout the dry season.

7. All farm buildings were re-painted twice.

## REV. FISHER IS

(Continued from Page 1)

we get all of the facts. We cannot be real members of a democracy unless we get all of the facts before we draw a conclusion.

"Then we must study the facts. We can know all facts and still speak stupidly. The third thing is to interpret the facts with imagination. Imagination without facts leads to fiction. But the gathering of all facts without using imagination does not bring truth. We must all use our God-given imagination to interpret the facts.

"And then we must act boldly and courageously on our conclusions, whether anyone else does or not. This is hard. We are all herd thinkers. We cannot secure this courage ourselves, we must go to God to obtain it. We have a perfect example in Valley Forge. The few men gathered there were men who had studied the facts, used their imagination and then courageously acted. The herd thinkers were busy at that time selling food to the British at Philadelphia. But only the men at Valley Forge, who had thought the thing through and who had the courage of their convictions and had sought the help of God were the men who lived and made democracy."

## Arlene V. Rohrbach Gets Degree May 23

Arlene V. Rohrbach, Gettysburg, will receive a bachelor of science degree in home economics at commencement exercises May 23 at Indiana State Teachers' college.

Her activities consist of Kappa Omicron Phi, national honorary home economics fraternity, treasurer of Delta Sigma Epsilon, national social fraternity; secretary of Home Economics club, member of the Resident Women's league, Lutheran club and the YWCA. ## Name Winners Of Danforth Prizes

Bruce Westerlund and Mary Jane Swarnes have been elected by the senior class of Gettysburg high school as winners of the annual Danforth Foundation award. It was announced today. The two will receive the awards, an inspirational book, at the annual awards assembly to be held at the high school next Wednesday.

The Danforth winners are selected by the senior class on the basis of physical, social and character development and leadership ability.

New York, May 18 (AP)—The Bevin-Sforza plan to split up Italy's pre-war colonies among four nations failed early today in the U. N. General Assembly. A last-minute Latin American revolt brought a thumping rejection of the American-supported measure which had been denounced by Slavs and Arabs as a "deal" to strengthen Anglo-American control of the Mediterranean.

## State Police Say

A dirty windshield can be the cause of a serious accident, especially at night time when weather and light factors are none too good. A few seconds and a little effort to keep your windshield clean will pay good dividends in safe driving.

## County Sailor Is Returning From Trip

Richard Allen Brady, seaman apprentice, USN, of McSherrystown, is scheduled to arrive in Norfolk, Va., May 24, after a six month cruise in the Mediterranean aboard the destroyer USS Vogelgesang.

Earlier this month he visited the French Riviera and Oran, Algeria, prior to bidding farewell to Europe at the Rock of Gibraltar and sailing for home.

The Vogelgesang has been operating with the Sixth Task Fleet, which is a part of the forces under the operational control of Admiral Richard L. Conolly, the Commander-in-Chief of Naval Forces, Eastern Atlantic and Mediterranean.

## Bring Suit In Fatal Accident In County

An action in trespass has been filed with the county prothonotary by the law firm Swope, Brown and Swope for Wilbur S. Ploek, Table Rock, administrator of the estate of Hannah Weidner, late of Butler township, against Helen Guise, Biglerville.

The case results from an accident in January in which Miss Weidner was struck and fatally injured by an automobile driven by Mrs. Guise while walking along a road from a store in Table Rock to her home.

## Kills Copperhead Measuring 41 Inches

Charles Rosensteel, 13 Steinwehr avenue, killed a copperhead snake Tuesday evening that measured 41 and a quarter inches long.

Rosensteel said he was driving along West Confederate avenue at Round Top last evening when he saw the snake crossing the avenue. His headlights apparently startled the snake. Rosensteel backed his car and in the glare of the headlights killed the snake with a pipe wrench. He was displaying the reptile to friends today. He had it tied to the rear bumper of his car.

## Three Countians Go Into Armed Forces

Two countians have enlisted in the regular army and a third in the Air Force, Sgt. Frank Wolf of the Gettysburg army recruiting office announced today.

Carroll W. Naugle, Aspers R. 1, and Bernard E. Sprinkle, Fairfield R. 1, both of whom have enlisted for three years in the regular army, have been sent to Fort Dix.

The Air Force recruit is John W. Buckholt, Fairfield, who has been sent to Lackland Air Base in Texas.

## Seek Appeal On New PTC Rate In Phila.

Philadelphia, May 18 (AP)—The city of Philadelphia today asked Pennsylvania's Superior Court to hear its appeal to throw out a new 13-cent trolley fare here.

The move was taken in a petition filed by City Solicitor Frank Truscott. Immediately afterwards, Assistant City Solicitor G. Coe Farrier left for Washington to ask Superior Court Judge Chester H. Rhodes for a writ of supersedeas that would suspend the new fare until the court has acted on the city's petition.

Judge Rhodes is in Washington attending sessions of the American Bar Institute.

### PLAN TO MARRY

Robert M. Bream and Dorothy H. Greist, both of Gardeners R. 1, have filed application for a marriage license in Carlisle.

### FORFEITS MONEY

Glenn M. Rider, Biglerville, forfeited \$645 in Frederick Monday on a charge of failing to obey traffic control device.

Washington, May 18 (AP)—A "painless" \$5,000,000,000 boost in the government revenues that would balance its books for the new fiscal year, was proposed Tuesday by Rep. Mills (D-Ark.). It would require corporations to pay all their 1949 taxes six months earlier than usual. After consultation with Secretary of the Treasury Snyder, Mills announced he is whipping his proposal into legislation.

## SEEK MISSING FOUR-OUNCE OF URANIUM

Washington, May 18 (AP)—The Atomic Energy commission was looking for a missing quarter-ounce of uranium-235 today after reporting recovery of a larger amount from waste material at one of its laboratories.

In an announcement last night the commission took note of reports that a much greater quantity of the atomic-bomb material had disappeared and could not be found.

It said that all told about 1.05 ounces of the stuff—32 grams—could not be accounted for last February after a routine inventory at the Argonne National Laboratory in Chicago. The FBI was notified and an analysis of all laboratory waste was started.

### Reports Cause Furry

"To date," the announcement said, "25 grams of the 32 have been accounted for at Oak Ridge (Tenn.) through analysis of contents of containers of salvage material, machine turnings, chemical solutions and so forth sent there from Argonne laboratory for recovery treatment."

"The remaining seven grams—less than 1/4 ounce—is not believed to have been stolen or lost as analysis of the waste is still continuing."

The earlier reports set the amount of missing U-235 as high as three quarters of a pound. That created quite a flurry, especially after the FBI confirmed that it had investigated a report of missing fissionable material from the Chicago laboratory.

In New York, the Daily News said in a copyrighted Washington story that three-quarters of a pound of uranium 235 compound, explosive heart of the atomic bomb, had vanished from the Chicago laboratories of the Atomic Energy commission.

"The loss—or more probable theft—is considered the greatest threat to national security ever to be discovered in peace time," the Daily News said.

### Reported Late

"There is a sufficient amount of the lost or stolen material to permit any competent nuclear scientist to perform the experiments on a large scale leading to the perfection of a detonating mechanism, details of which even now are known only to a handful of men."

The loss was discovered at the Argonne National Laboratories in Chicago, February 14, but was not reported to the Federal Bureau of Investigation until March 28, "when the trial of the suspected espionage agent was as cold as polar ice pack," the Daily News said.

The a-bomb explosive component was part of a shipment to the laboratory from the Oak Ridge, Tenn., plant, where the country's supply of U-235 is produced.

### "Fantastic If True"

Senator Hickenlooper (R-Iowa) top Republican on the Senate-House Atomic Energy committee, commented that the report was "startling and fantastic if true."

The excitement finally was quieted by the commission's announcement, issued by its deputy general manager, Carl Shugg. It takes from two to 200 pounds of uranium to make a bomb, according to the commission's figures. The material is closely guarded because it is high-priced, potentially dangerous as a poison, and because the commission does not want unauthorized experiments with it.

## Northwestern Pa. Apples Damaged

Harrisburg, May 18 (AP)—A mid-May frost damaged apples, grapes and strawberries in northwestern Pennsylvania, the state Agriculture Department reported today.

The report said a federal-state weather and crop survey listed frost damage for the Lake Erie fruit belt on May 11 and 12 when temperatures dropped to a low of 27 degrees.

Vegetation growth in most parts of the state was slowed by cooler weather combined with the third week of deficient rainfall, the report said. Dry soils also delayed plowing for corn in western counties.

Southeast counties had good growth in most truck crops. Supplies of spinach, onions, asparagus and lettuce are increasing while canning peas are near the blossoming stage. All winter grains are doing well, the report added. Some wheat is forming heads and rye already is in head.

Washington, May 18 (AP)—Hans Freistadt, avowed Communist, told Congressmen today that if his Atomic Energy commission fellowship is taken away, the same sort of thing may happen later to a "militant New Dealer, a Progressive, or even a Republican." The Austrian-born student defended his Communist beliefs but at the same time asserted he is loyal to the United States. He said he would quit the party if he believed it to be under foreign control.

### TO SENTENCE ARKONIST

Harrisburg, May 18 (AP)—Earl S. Lubold, 23, Sacramento, Schuylkill county, will be called for sentence next Monday morning. Lubold was convicted last January of arson charges in a \$22,500 fire in Williams town last September 25 and 26. Judge Robert E. Woodside refused Lubold a new trial in Dauphin county court last Monday.

Miss Ruth Webb, of Avondale, a student at Delaware college, has resumed her studies after a visit at the home of Mr. and Mrs. Frederic E. Griest, of Florida Dale.

## BACK MURRAY IN ATTACK ON REDS

Washington, May 18 (AP)—The CIO executive board, presided over by an angry man, Philip Murray, prepared to deliver more spankings to the CIO's Communist-line minority today.

But it was probable that any major break-up of the organization would wait at least until the CIO convention next fall.

Last night President Murray announced that the board by a 38-11 vote "condemned" Mine, Mill and Smelter Workers Union for its attacks—and the use of "Communist weapons"—against Murray, the CIO, and Murray's own Steelworkers Union.

Reporters learned that during the all-day wrangle which preceded the vote, Murray denounced the Communists and pro-Communists to their faces in language as cutting and contemptuous as that which he used at the Portland, Ore., convention last November.

The main speech for the left wing was made by Ben Gold, the Communist president of the Fur and Leather Workers Union. Gold said all of the CIO's present troubles—alleged "raiding" and fights between CIO unions—have taken place under Murray's leadership, and therefore he is to blame.

Murray was reported to have replied that the whole executive board must share the blame. He told the left-wingers their attitudes always follow the shifts in Russia's foreign policy, and he taunted them by saying their present tactics may suddenly end after the forthcoming Big Four meeting of Foreign Ministers.

## Pa. Bankers Meet At Atlantic City

Atlantic City, N. J., May 18 (AP)—Financial leaders and government officials gathered here today for the opening of the 55th annual meeting of the Pennsylvania Bankers association.

Pennsylvania's Governor James H. Duff was scheduled to address the opening session of the three-day meeting.

The annual address will be delivered by Association President Russell J. Hopkins of Titusville. Vernon L. Clark, national director of the U. S. Treasury department, Savings Bond division, will discuss "the modern forty-niners."

Another address entitled "What Is Our Stake in Arming Europe" will be delivered by Dr. William Elliot of Harvard university.

Berlin, May 18 (AP)—American officials charged today that Russia is seeking to reimpose a "subtle blockade" of Berlin. C. A. Dix, American military government transport export hurriedly left here by car to investigate why 150 west German trucks are now held at Helmstedt on the Soviet zone frontier.

Rome, May 18 (AP)—Forty thousand farm workers were called off their jobs today in Italy's most serious strike in months. The walkout affects grain areas of Rome province and the rich Po Valley, just at the start of the rice planting season.

## GHS Trackmen Nip Hanover 60-58; Two New School Marks Established

Capturing the last event of the meet, the mile relay, and smashing a 21-year school record for the event, the Gettysburg high school track team closed its season unbeaten in dual competition by nosing out Hanover 60-58 here Tuesday afternoon.

The realization that winning the event meant victory in the meet spurred the Warrior cindermen to their record by clipping 5.5 seconds from the old mark. Herb Bowling, Dwight Putman, Wilmer Schriver and Paul Miller raced the distance in 3:38.5.

Back in 1928 the local relay team of Harold Wentz, Crosby Hartzell, George Stock and Harold Rummel set the school mark at 3:44. In 1941 the mark was tied by the team composed of Carl Rasmussen, Max Fissel, Donald Gorman and Sam Stanton.

**New Pole Vault Mark**  
Another Warrior mark fell by the wayside in Tuesday's meet, Bill Strickhouser pole vaulting 10 feet, 9 1/4 inches, to shatter the old mark of 10 feet, 6 inches set by Cornelius Knorr in 1941.

Bruce Westerdaahl was a triple winner for the locals, capturing the 110-yard hurdles, broad jump and javelin. Bob Hottle took the discus and shotput while finishing second in the 100. Paul Miller gained Gettysburg's other first place by winning the 440.

Six seniors performed for the last time for Coaches George Forney and Fred Haehnlein. They were Westerdaahl, Hottle, Strickhouser, Bob Woodson and Donald Raffensperger.

## Sports Roundup

**By HUGH FULLERTON, JR.**  
New York, May 18 (AP)—Johnny Morris, Southwest Louisiana Institute track coach, offers a rebuttal to Tommy Deckard's plug for Don Germann as the "greatest" middle-distance runner. Morris, who is as fast with figures as he is used to be on his feet, recalls Glenn Cunningham's "double" in the 1933 National Collegiate meet. Cunningham won the mile in 4:09.8 then came back 50 minutes later to lose by inches to Chuck Hornbostel in a 1:50.1 half mile. What's more, Glenn was running from a standing start while Gehrmann, in the Drake relays, was off flying with the baton. Johnny adds: "In 1933 I roomed with Cunningham while touring Europe with an American track team. On one American track team. During this tour, Cunningham ran a 110 and a 440 with us on relay teams. On one occasion Glenn ran his leg of the mile relay in 48.1 and he also ran better than 9:20 on the two mile. If a man can be greater than this, I would like to meet him."

## SHORTS AND SHELLS

Leo Barnhorst of Notre Dame, who was supposed to go to Indianapolis with the Kentucky boys in that National baseball league package deal, celebrated his 25th birthday by signing a B.A.A. contract. Tulane's Paul Blenz, who recently equalled the world 220-yard record, and Alabama's Charley Davis, who finished just a step behind him, will clash again in the opening game of the football season September 24. Texas Charlie Tatom, tabbed as the fastest tackle in football, will enroll at the U. of Wisconsin to finish his mechanical engineering course after a season with the Green Bay Packers.

held the hard hitting New York Giants to six hits and tripled and scored the winning run in the ninth inning in Pittsburgh's 3-2 triumph.

## Eastern League

(By The Associated Press)  
The Albany Senators had first place all to themselves today in the Eastern league, but the other first division clubs weren't so happy.

While the Senators came from behind twice last night to edge the Scranton Red Sox, 7-6, Elmira, Wilkes-Barre and Utica lost ground by losing to second division teams.

Elmira was nudged from a first place tie into second place by losing 5-3 at Binghamton. The third-place Wilkes-Barre Indians were massacred at Hartford, 25-6. Utica's fourth-place Blue Sox lost to Williamsport again, 6-3.

## 11 EX-BUMS ON PIRATE ROSTER

Pittsburgh, May 18 (AP)—It will be like old home week for Marv Rackley, 27-year-old outfielder, when he arrives today to begin his duties with the Pittsburgh Pirates.

He'll find seven other ex-Brooklyn Dodgers here. These are what remain of 11 acquired in trades from the Bums by the Pirates since 1947. Still wearing Bucco uniforms are these former Flatbush representatives: Pitchers Kirby Higbe, Hugh Casey, Vic Lombardi and Hal Gregg; Infielders Stan Rojek and Ed Stevens and Outfielder Dixie Walker. All in all they make up quite a husky portion of the Pirate offense and defense.

The Pirates got Rackley yesterday from the Dodgers for Outfielder-First Baseman Johnny Hopp and cash estimated at \$25,000.

Dodger officials said they were acquiring Hopp primarily for first base insurance. Pirate officials did not hide the fact that they consider Rackley with a batting mark of .327 in 88 games with the Dodgers last year, will be a definite addition to a somewhat weak outer garden.

Though nothing official has been said, it is rumored Wally Westlake will move to right field with Rackley taking center. There he would be a big help in snaring those long ones which occasionally are out of reach of the somewhat smaller Ralph Kiner in left garden.

## Joe Dimaggio Will Return To Uniform

New York, May 18 (AP)—Joe Dimaggio will don his familiar "No. 5" New York Yankee uniform next week and try out the ailing heel that has kept him on the sidelines since the season's start.

The test probably will determine the immediate baseball future of the fence-pushing outfielder, whose \$90,000-a-year salary makes him the most expensive bench-warmer in the business.

In the meantime, the Yankees have no intention of putting him on any sort of formal shelf until there is definite proof he won't be able to produce.

"Dimaggio is going to be on my team until he can't play any more," Manager Casey Stengel said last night shortly before the Yankees nudged the champion Cleveland Indians, 4-3.

## PITCHING STAFF BIGGEST WORRY FOR BOUDREAU

(By JOE REICHLER)  
(Associated Press Sports Writer)

Lou Boudreau is a worried young man today.

The peerless playing pilot of the world champion Cleveland Indians is burdened by a problem emanating from a most unexpected source—the tribe's vaunted pitching staff.

A month ago if someone had tried to bid Boudreau that his mound staff would give him his biggest headache, Lou would have ordered the guy sent to a psychopathic ward. But listen to Lou now:

**Hit By Injuries**  
"I know we're not hitting a lick," Boudreau said before last night's 4-3 loss to the New York Yankees. "But that doesn't worry me half as much as my pitching."

"Every one of my big four—Bob Feller, Bob Lemon, Gene Bearden and Steve Gromek—has been laid up by injuries. I haven't gotten a complete game from any of them for nearly two weeks. What's worse, I don't know when any of them will be his old self again. Not one is in good shape right now."

Bearden, who has been suffering from a pulled leg muscle, showed last night that he was not yet himself. Plainly favoring his injured leg, the tall lefthander lasted seven innings and was clipped for 16 hits as the Yankees defeated the Indians 4-3.

**Tigers Beat Senators**  
A season record crowd of 73,150 saw Southpaw Ed Lopat, long a Cleveland nemesis, hold the Tribe to seven hits for his fourth victory of the season.

Detroit's runner-up Tigers remained two games behind the league leading Yankees by coming from behind to defeat the Washington Senators, 4-2 in a night game in Washington. Held to five hits, the Tigers capitalized on the wildness of Walter Masterson and Forrest Thompson to score four runs in the last two innings. Johnny Lipton's single with the bases loaded in the ninth drove in the winning runs.

Philadelphia's Athletics moved into third place by defeating the St. Louis Browns, 9-2, last night in Philadelphia. Alex Kellner won his third relief victory in a row, holding the Browns to two hits and no runs in five and two thirds innings. He relieved starter Lou Brissie, in the fourth.

**Red Sox Wins**  
Vern Stephens' ninth home run in the eighth with a man aboard, enabled the Boston Red Sox to nose out the Chicago White Sox 4-3. Southpaw Mel Parnell hung up his fifth victory against one defeat for Boston. Randy Gumpert was the loser.

The Cincinnati Reds beat the Boston Braves, 5-4, to move within two games of the National league lead, shared jointly by the Braves and New York Giants. Ted Kluszewski, sophomore first baseman, drove in the tying and winning runs for the Reds.

Bob Cheshnes pitched and batted the Pittsburgh Pirates to a 3-2 victory over the New York Giants. Cheshnes limited the Giant sluggers to six hits and started the winning rally with a ninth inning three-bagger. He scored when Ed Stevens singled to center.

**Sixth for Branca**  
Singles by Eddie Waitkus, Del Ennis and Andy Seminick gave the Philadelphia Phillies a run in the 12th inning to defeat the St. Louis Cardinals 5-4. St. Louis shortstop Marty Marion, who had felled flawlessly all season, was charged with three errors.

Ralph Branca became the first major league pitcher to win six games when he received credit for Brooklyn's 8-5, 11-inning triumph over the Cubs in Chicago. The Dodgers shoved across six runs in the top of the 11th, two of them on Roy Campanella's homer, to take an 8-2 lead.

## Yesterday's Sports In Brief

(By The Associated Press)  
**Baseball**  
New York—The New York Yankees announced Outfielder Joe Dimaggio would return to practice next week.

## CANNERS TRIP NEWVILLE 5-4

Biglerville high school's baseball team closed its home season Tuesday afternoon by nosing out Newville 5-4 in a 10-inning affair.

Bases on balls to Howe and Schlosser and a single by "Chubb" Rice with two out gave the Canners' the decision.

Six Biglerville seniors were in uniform for their last home game. They were Elliott Schlosser, Gene Staub, Richard Allison, Robert Cluck, Ken Black and Charles Naylor.

Coach Kane's lads have a postponed game with Newville on the latter's field remaining on their schedule.

Gettysburg's Den of Lions Be-  
comes Full-Fledged Coterie at Char-  
ter Presentation Night: Gettysburg's  
den of Lions, in cub state since Janu-  
ary 23, became a full-fledged coterie  
when a charter from Lions'  
International was presented at a  
banquet-dance at the Hotel Gettys-  
burg Wednesday evening.

Dr. Charles F. Sanders, one of the  
directors of the infant club, accepted  
the charter on behalf of Gettys-  
burg's Lions. J. Donald Swope was  
toastmaster for the dinner.

Bobby's Novelty Serenaders, of  
Gettysburg, furnished music for the  
dancers.

Officers of the Gettysburg club  
are J. Donald Swope, president;  
John W. Brehm, first vice president;  
Dr. F. H. Kramer, second vice pres-  
ident; Henry M. Scharf, third vice  
president; C. P. Cessna, secretary;  
I. L. Taylor, treasurer; Ralph S.  
Oyler, tall twister, and Captain S.  
C. Thompson, Lion tamer. Directors  
are Dr. Charles F. Sanders, Rev.  
N. L. Horn, Charles B. Dougherty,  
W. M. Keet and George E. Hartman.

Country Club Opens: The Quaker  
Valley Country Club and decorated  
with lilacs, dog wood and other  
spring flowers for the opening dance  
which was held on Thursday night.  
Al Hollander's orchestra from  
York, furnished the music. Thirty  
couples were in attendance.

Class of 15 New Ministers Gradu-  
ated from Seminary: Fifteen young  
men were graduated from the Lu-  
theran Theological Seminary here at  
commencement exercises at Christ  
Lutheran church Thursday evening.  
The baccalaureate sermon was  
preached to the new ministers by the  
Rev. Dr. Edwin Heyl Delk, Philadel-  
phia.

Diplomas were presented by Rev.  
Dr. Singmaster, Rev. Dr. H. C. Alle-  
man, Rev. Dr. A. R. Wentz, Rev. Dr.  
J. A. Clutz, and Rev. Dr. M. Coover

tle and Henry Young.

The Seminary Quartet, composed  
of T. Benton Peery, Ralph C. Robin-  
son, Felix G. Robinson and Carl S.  
Simon, sang two numbers during the  
service.

Sailor Weds Aspers Girl: Miss  
Ruth Mae Stahl, daughter of Mrs.  
Sarah Miller, Aspers, and John  
Joseph Hatfield, son of Mr. and Mrs.  
Albert Hatfield, of Philadelphia,  
were married Monday afternoon by  
the Rev. Dr. Luther Kuhlman at his  
home on Carlisle street. Mrs. Miller  
was the only attendant. Mr. Hatfield  
is a sailor in the United States Navy.

D. J. Forney Buys Lot on North  
Washington Street: D. J. Forney,  
proprietor of the National Garage,  
Chambersburg street, has announced  
the purchase by him of a lot on  
North Washington street, from Ken-  
derton Lynch, of Lincoln Way West.  
Mr. Forney said his plans for the use  
of the lot have not been fully made.

100 Chickens Are Given Hospital:  
The Warner Hospital is having  
erected a large chicken house on  
the grounds, where fresh eggs and  
choice meats may be produced for  
use in feeding the patients and  
contribution of one hundred young  
chickens has been made to start off  
the new industry in proper style.

The presentation of the chickens  
was made by Fred McCommon, pro-  
prietor of the Fairview chicken farm  
and the poultry has been installed  
and is starting out well, according to  
Hospital authorities.

Now Has Good Excuse to Go to  
the Circus: A son was born to  
County Treasurer and Mrs. Harry J.  
Troxell, Baltimore street, on Sun-  
day evening. "I've got a good excuse  
to go to the circus now," said  
Treasurer Troxell when asked to  
confirm the fact of the newcomer's  
arrival.

## Today's Talk

By GEORGE MATTHEW ADAMS

**BEGINNING WITH AUDACITY**  
Winston Churchill tells of his be-  
ginning to paint, in his little book  
"Painting as a Pastime." He tells  
of how he first got his equipment,  
and hardly knew just where to be-  
gin, when an old friend came up,  
the wife of the noted Sir John La-  
very, and how she took his boldest  
brush and dashed, with great con-  
fidence and color, the paint upon  
the clean canvas. That gave Church-  
ill his cue, and he said: "This be-  
ginning with audacity is a very great  
part of the art of painting."

Beginning with audacity is a very  
great art in the inception of any-  
thing! It's taking risks, starting off  
with confidence, even when you are  
not sure as to the direction of des-  
tination. The boy who saw a sign  
"Boy Wanted," and who removed it  
and took it into the place, saying  
that he was ready to begin, had the  
audacity that nothing can defeat.

It was the inspiring audacity that  
made Gen. George S. Patton the  
great leader that he was. The un-  
expected always attracts attention.  
Alfred Harmsworth (later Lord  
Northcliffe) got to a point with his  
small publication "Answers" where  
he had to have additional circulation  
to turn the tide. One morning Lon-  
don was aroused by lurid posters  
offering a goodly sum each week, for  
life, to the one guessing nearest to  
the balance in the Bank of Eng-  
land on a certain day. People had  
to sign three coupons from his pub-  
lication in order to enter the con-  
test. The result was a tremendous  
circulation almost over night—and  
this was the foundation of the  
Northcliffe millions! Audacity did  
the trick.

The best definition of audacity, I  
believe, is this—the will to win!  
That's what makes people demon-  
strate it. We owe to all our pioneers  
a debt of gratitude for their sacri-  
fices and courage, and the privations  
they endured that we might enjoy  
the fruits of their toil and faith.  
To daring and audacity we owe the  
democracy and free way of life which  
are ours in this Western continent.

People who strike out boldly with  
a good idea, and who begin with  
audacity, no matter what the task  
may be, usually take many others  
along with them.

Tomorrow Mr. Adams will talk on  
the subject: "Firsts."

## Just Folks

By EDGAR A. GUEST

**BEST OF LANDS**  
Behind the curtain do they know  
In countless gardens tulips grow,  
And here along the countryside  
In cars, they own, the workers ride  
On Sunday mornings through the  
spring.

Behind the curtain have they heard  
What here on East Day occurred?  
In every church and every pew  
Were families in garments new  
And millions in their chosen way  
Rejoiced on resurrection day?

Behind the curtain have they  
learned  
That here life's comforts can be  
earned?  
That nothing fathers can provide  
Is by some tyrant rule denied?  
That in their season, as they wish,  
Toilers have time to hunt and fish?

Where else, in such a world of strife,  
Is there so free a way of life,  
Where education is allowed  
And none by fear or force is cowed;  
Where every springtime tulips grow  
In countless gardens, row by row?

## FDR, JR., WINS IN BATTLE WITH TAMMANY HALL

New York, 18 (AP)—Franklin D.  
Roosevelt, Jr., first of the late Presi-  
dent's five children to seek elective  
office, has launched his political ca-  
reer by giving Tammany Hall a  
sound licking.

The 34-year-old lawyer, bearing  
one of the most potent political  
names in the nation's history, cap-  
tured more votes than all three of  
his opponents in winning yesterday's  
20th Congressional District special  
election.

Roosevelt collected 41,146 votes,  
31,037 on the Liberal party ticket  
and 10,109 under the Four Free-  
doms party banner.

**"Next Stop—Albany"**  
His three opponents got 39,726  
distributed this way: Municipal  
Court Justice Benjamin Shalleck,  
Democrat, 24,352; William H. Mc-  
Intyre, Republican, 10,026; Dr. An-  
nette T. Rubinstein, ALP, 5,348.

His jubilant supporters, toasting  
him at rallies throughout the dis-  
trict last night, chanted "Next Stop,  
Albany—the Governor's Mansion."  
The next Governor of New  
York.

His father was Governor two  
terms, vaulting from there to the  
White House.  
One enthusiast demanded "When  
are you going to run for Governor?"  
the new Congressman, third of the  
Roosevelt sons, responded: "I can  
answer that very simply. I have only  
one ambition and that is to serve the  
people of my district and my coun-  
try to the utmost of my ability."

**Heavy Opposition**  
FDR, Jr., centered his campaign  
fire on Tammany Hall, the ancient  
Manhattan Democratic organiza-  
tion, just as his father had battled  
Tammany in his first political job as  
a state Senator more than 35 years  
ago.

In turn, the Democratic organiza-  
tion denounced young Roosevelt as  
an interloper in the district and as  
a playboy trying to trade on his fa-  
ther's name. The Republicans also  
attacked him, and the American  
Labor party lashed him bitterly.

**Ring Doorbells**  
The special election in the Man-  
hattan West Side district filled a  
vacancy caused by the death of  
Democrat Sol Bloom, who had won  
13 straight terms there.

Many political observers thought  
the tremendous outpouring of vot-  
ers, far exceeding pre-election es-  
timates, definitely marked the Roose-  
velt scion as a man with a political  
future.

The handsome affable Roosevelt,  
a six-footer, put on a terrific cam-  
paign in the New York melting pot  
district, which has large groups of  
Jews, Irish, Puerto Ricans and oth-  
ers.

He rang doorbells, shook hands  
with thousands of voters, answered  
questions at countless meetings, took  
his turn at the microphone at street  
rallies, and spoke over the radio  
with stars of the entertainment  
world who backed him.

## Littlestown

Littlestown — A special program  
has been announced for the home-  
coming and memorial services of the  
St. James Reformed church, along  
the Harney road, which will be held  
Sunday morning and afternoon, May  
29. The pastor, the Rev. Edward R.  
Hamme, will be the speaker at the  
morning service at 10 o'clock. At  
2:30 p. m., the Rev. Arthur Leem-  
ing, superintendent of the Hoffman  
orphanage, will be the guest speaker.  
The children of the Hoffman or-  
phanage will attend both services  
and several of the children will con-  
tribute special musical numbers. In  
addition to special music by the  
choir, there will be selections by a  
visiting quartet. A cordial invita-  
tion is extended to all former mem-  
bers, neighbors and friends to come  
and spend the day with the present  
members of St. James church. It is  
requested that each person attend-  
ing, bring a box lunch along.

The home of Mrs. Hildah Arter,  
West King street, was the scene of a  
surprise shower on Monday evening,  
given by Mrs. Arter, Mrs. Naomi  
Schwartz and Mrs. Brenda Walker  
in honor of three of their co-teach-  
ers in the Littlestown public schools,  
who will become brides during the  
summer months. They are Miss  
Mary Louise Lehman, Miss Margaret  
Steever and Miss Joan L. Coble.  
They were the recipients of many  
gifts which were placed on a table  
under an umbrella. The color  
scheme was pink and white. The  
evening was spent playing cards and  
refreshments were served. Those  
present in addition to the guests of  
honor and the hostesses were: Mrs.  
Esther R. Wolfe, Mrs. Myrtle Man-  
chey, Mrs. Nellie Held, Mrs. Joanne  
Breighner, Mrs. Virginia Sheely,  
Miss Leora Held, all teachers in the  
Littlestown public schools and Mrs.  
Mary Spalding and Mrs. Miriam  
Stover, former teachers in the Lit-  
tlestown schools.

"Living Abundantly" was the topic  
for the monthly meeting of the  
Girls' Guild of St. Paul's Lutheran  
church which was held Monday eve-  
ning in the social hall of the church.  
Mrs. Walter Groce, leader, discussed  
this topic assisted by several of the  
girls. Doris Conover, president, con-  
ducted the meeting and Ruth Staub  
served as pianist for the group sing-  
ing. Four new members were re-

ceived. They were the Misses Evelyn  
Dickinson, Phyllis Dickinson, Helen  
Mae Spangler and Joanne DeHoff.  
A guess package was donated by  
Mrs. Groce and was received by  
Phyllis Dickinson. The next meet-  
ing will be held Monday, June 20,  
at the home of Ruth and Louise  
Bucher and it will be in the form  
of a picnic.

## MINIMUM WAGE OF \$1 IS URGED

Harrisburg, May 18 (AP)—The CIO-  
Pennsylvania Industrial Union coun-  
cil was urged today to back legisla-  
tion instituting a minimum wage  
scale of \$1 an hour in the nation.  
The proposal was among more than  
150 resolutions up for action before  
the council's annual convention. The  
present minimum wage in America  
is 40 cents an hour.

The convention also had before it  
another proposal calling for legisla-  
tion to require a "guaranteed an-  
nual wage" for all workers.

Other resolutions up for action  
included a request for quick ap-  
proval of the proposed \$500,000,000  
bonus for World War II veterans,  
and approval by Congress of Presi-  
dent Truman's national health pro-  
gram.

The bonus proposal, in line with  
constitutional requirements, already  
has been sanctioned by the 1947 and  
1949 legislatures and is now awaiting  
approval by the state's voters next  
fall. If approved by the voters, how-

ever, it still remains for the next  
General Assembly to work out a  
plan for financing the bonus. Both  
the past two Legislatures failed to  
do this.

Meanwhile, a state Democratic  
leader told the 1,200 convention  
delegates yesterday that the minor-  
ity party in the 1947 Legislature  
compiled a record that will be a  
"tower of strength in the 1950 poli-  
tical campaign."

Law Being Tested**  
Harrisburg, May 18 (AP)—Three  
current labor disputes are giving  
the 1947 Public Utility Anti-Strike  
law its first real test.  
A compulsory arbitration proceed-  
ure is set up by the law designed to  
prevent work stoppages in utilities  
supplying gas, electric, water or  
steam heat services. Negotiations on  
wages and other points have been  
stymied between the management  
of all three utilities and various  
unions.  
Three arbitrators met yesterday  
in an attempt to iron out a union  
shop dispute involving 100 workers

show the possibilities the 2,500-

## REBUFF OF REDS BY GERMANS HAS JOLTED SOVIETS

By DEWITT MACKENZIE  
(AP Foreign Affairs Analyst)

The Kremlin must have been set rocking by the election in the Soviet zone of Eastern Germany, where more than a third of the voters balloted against hand-picked, Communist-approved candidates for the new "People's Congress."

The Red Command had anticipated the usual favorable vote of virtually 100 per cent of such elections. This was to be a triumph for presentation at the forthcoming meeting of the Big Four Foreign Ministers' Council in Paris.

Moscow's strategy was to lay before the Council this "People's Congress" of 2,000 delegates which would match the federal Republic of Western Germany. Not only that, but the congress contains 500 delegates specially designed to represent Western Germany.

In short, the "People's Congress" was to have been put forward by the Russians to represent all Germany.

### Blow To Reds

What line of strategy the Muscovites will pursue in view of this upset is a matter of keen speculation in Western diplomatic circles. Certainly the so-called "People's Congress" has lost any magic which it might have held for Western Germany had the election been practically "unanimous" as planned.

Meantime General Lucius D. Clay, retiring American military commander in Germany, returned home yesterday to be accorded highest honors in the capital. Clay had stuck

by his post until he had seen the raising of the Soviet blockade of Berlin and the creation of the new Federal Republic for Western Germany—a Republic which contemplates the inclusion of Eastern Germany in due course.

This revolt of the German voters in the Soviet zone is in itself a momentous development, but it seems to me to fit into a picture of much broader significance. Last week-end this column analyzed the statement by Paul G. Hoffman, director of the Economic Cooperation Administration, that "our way of life will be secure, if Europe is strong and free in 1952."

**Look To Future**  
What new development could alter the European picture? Well, it would be the failure of Communism to hold the peoples of the various countries which have been absorbed into the Soviet bloc. That is the rejection of Communism by these peoples.

Now comes this rebuff to the Russians in Eastern Germany which was supposed to have been thoroughly Communized. We see that there is a powerful anti-Communist element in that zone, and that it dares raise its head.

Then take a look at Yugoslavia. This Balkan state was supposed to be the most thoroughly Communized of all the satellite states. It was Communism's forward theatre for training and supply in the "cold war." But Moscow's hold on that state cracked up on the rocks of Yugoslav nationalism.

**Red Purges Continue**  
In neighboring Bulgaria there have been purges of prominent Communists.

There also have been many reports of dissatisfaction in other satellite countries, including Hungary, Czechoslovakia and Poland. Numerous prominent citizens from satellite nations have been seeking

## TWO JUDGES ANNOYED BUT STAYING CALM

By JAMES MARLOW

Washington, May 18 (AP)—Two federal judges are leaning over backwards to stay calm.

One, Harold R. Medina, in presiding at the trial of 11 Communist leaders in New York. The other, Albert L. Reeves, has the trial of Miss Judith Coplon here.

In both cases tactics of the defense lawyers have annoyed the judges, and they've let it be known that could be called "unjudicial" or that would make them seem prejudiced against the defendants.

**Appeal Seems Certain**  
If the defendants are convicted and appeal to a higher court, the verdict against them might be thrown out if—The defense lawyers could show that the conduct of the trial judges hurt their clients' chances with the jury.

If there is a conviction in these cases, they're pretty certain to be appealed all the way up to the U. S. Supreme Court.

Take the Coplon case. . . . Judith Coplon, 28, former justice department employee, is charged here in Washington, where she used to work, with taking government papers to injure the United States and help a foreign power.

Her attorney, Archibald Palmer, a short man who hurries when he walks and hurries when he talks, has wrangled repeatedly at the trial with the government lawyer.

**Talking for Days**  
He's been talking for days, and some of this has annoyed Judge Reeves. Recently he told Palmer: "I can't put up with any more of your childish doings. Let's try this case

In New York the 11 leaders of the American Communist party were charged with conspiring to "organize. Persons who teach and advocate the overthrow and destruction of the government of the U. S. by force and violence."

They were indicted by a federal grand jury last July. Their trial before Judge Medina didn't start until January 17. It's still going on and probably won't end before August.

### Can't Be "Goaded"

Thousands of pages of testimony and arguments have been used up already. There are more thousands to come. Medina, like Reeves, has tried to keep his patience. Some

refuge in Western democracies. All in all we have an interesting picture of considerable discontent behind the Iron Curtain. I don't think we should jump to sweeping conclusions, but it is interesting to note that it's not all honey and flowers in the Bolshevik empire.

### East Berlin

East Berlin—Mr. and Mrs. E. G. Satterfield, Baltimore, spent Sunday here as guests of Mr. and Mrs. Augustine J. Tierney and Miss Bettie M. Tierney.

Students of the seventh grade of the local junior high school conducted a public roller skating party at Forest Park, near Hanover, last Friday evening.

The Intermediate group of the local Girl Scouts conducted a bake sale in their scout room at the home of Mr. and Mrs. LeRoy E. Eisenhart on Saturday.

Mr. and Mrs. Harold W. Gross, proprietors of Gross' Food Market, observed the first anniversary of their store opening, over the weekend, with free merchandise given to the purchaser of every order and a gift balloon to every child coming into their store. Cake was also served to customers.

Mrs. Arthur L. Bubb entertained at her home on Tuesday evening when the Women's Guild of Mt. Olivet Reformed church, Bermudian, times he gets fed up.

For example, late in April Eugene Dennis, who is secretary of the Communist party and is acting as his own attorney, got up to "make a brief observation." Finally Medina said to him:

"I suppose you are daring me to do something to you. You can be just as disorderly, just as disobedient as you like but you will not goad me into doing something which will be a source of difficulty later in the trial."

### conducted a meeting.

Charles L. Weinert, north of town, has begun the erection of his hunting lodge in Lycoming county.

The local Richard J. Gross post, Veterans of Foreign Wars, conducted a meeting at the East Lo-Trust street post house last Thursday evening to further plans for their coming Memorial Day exercises.

Workmen have been engaged in digging trenches for the installation of natural gas on East Locust street during the past week.

Evelyn, six-year-old daughter of Mr. and Mrs. Harry L. Taylor, R. 2, is improving after having been ill with an attack of measles.

Mrs. Charles M. Heiner, R. 2, is improving slowly after several months of treatment for a kidney ailment. She still goes to York each week for further medical attention.

A special meeting of the Conewago Jointure Parent-Teachers' association is scheduled for this evening at the high school auditorium. Members are particularly urged to be present to help elect new officers.

The local Fish and Game club is scheduled to conduct an important meeting on Thursday evening.

Mrs. Alma M. Danner Herr, wife of Allen H. Herr, who has been teaching in Hanover, has resigned her position for the 1949-50 term. Mrs. Herr, a daughter of the Rev. J. Monroe Danner, is a graduate of the 1946 class of Juniata college.

Three young women who were graduated at the recent exercises of the York Hospital School of Nursing are Miss Louise Brown Jacobs, a daughter of Mr. and Mrs. Mervin D. Jacobs, R. 2; Miss Faye Jacquelyn Sheffer, elder daughter of Mr. and Mrs. Stewart E. Sheffer; and Miss Anna Elizabeth Singer, daughter

## Ask Suspension Of Milk Price Jump

Harrisburg, May 18 (AP)—The State Milk Control commission today studied a request from the Allentown-Bethlehem milk marketing area that it suspend the automatic July 1 one-cent-a-quart price jump.

Chairman H. N. Cobb said the

request from the Lehigh Valley Farmers Cooperative, will be acted upon by the commission late today or tomorrow. He said it was the only request for a hearing that has been received.

The increase is automatic under the commission's seasonal pricing system and affects the Philadelphia, suburban Philadelphia, Lehigh (Allentown-Bethlehem), Reading, York, Lancaster and Harrisburg marketing areas.

Under the seasonal system, the minimum retail prices were reduced one cent a quart in the seven eastern Pennsylvania areas on April 1. They are due to jump up a penny

on July 1 and then go up another cent on October 1.

## DISAGREE AGAIN

Washington, May 18 (AP)—Senators Myer (D.) and Martin (R.) of Pennsylvania were of divided opinion on the measure by which the Senate cancelled a previous order for its appropriations committee to cut five per cent out of the operating costs of the Labor Department and Federal Security Agency. Myers was among 43 voting for the motion yesterday. Martin joined with 40 others in opposing it.

## Tornadoes And Floods Take 13 Lives In Southwest In 3 Days; Waters Recede

### FORT WORTH IS HARD HIT WITH 1,000 HOMELESS

Fort Worth, Tex., May 18 (AP)—Flood waters which swirled over great chunks of Fort Worth slowly receded today. They left six known dead, damage in the millions, and a difficult job of safeguarding health with a crippled water supply.

An estimated 13,200 were homeless, staying in public shelters, with relatives or friends.

Thirteen persons were killed and more than 100 injured in three days of turbulent weather that hit parts of west and north Texas and Oklahoma.

**9 Injured at Game**

The count was six drowned and a dozen hospitalized here; five dead and 83 injured from a tornado at Amarillo Sunday night; one dead and nine injured from twisters in Oklahoma, and one dead and at least 12 injured in west Texas tornadoes.

Nine of the injured in Oklahoma were watching a softball game at Meeker, Okla., last night when a tornado dipped into the crowd.

An elderly grandmother was killed by a twister that struck near Spur, Tex., last night and a farmer in Oklahoma was killed by a tornado that bounced into the Sooner state from Stratford, Tex.

**Fort Worth's Troubles**

As Fort Worth struggled back to normal it faced this situation:

Areas west, north and east of the business districts under water.

All schools closed and the north, east and west sections of town cut off from downtown for automobile travel and isolated from city bus transportation.

Shattered traffic, blocked highways, power line breaks, a flooded water plant, a water supply that officials say will take three days to make normal.

Water in this big cattle shipping center was an acute problem. Residents were warned not to drink it unless it had been boiled. Free typhoid shots were available to those who had drunk "questionable water."

They lined up with buckets, bottles and other containers for drinking water at commercial firms with artesian wells.

Fort Worth, which estimates its

### Compensation Boost Gets Duff Approval

Harrisburg, May 18 (AP)—Gov. James H. Duff approved Tuesday legislation boosting payments to disabled workers 25 per cent and maximum benefits to the unemployed from \$20 to \$25 a week.

The new laws, effective July 1, will mean an estimated \$5,000,000 more a year for jobless workers and \$3,750,000 more for those disabled by injury or occupational disease. The estimates are based on actual 1948 payments.

Nevertheless, organized labor already has attacked the Republican-controlled legislature for its terms "inadequate compensation" laws. Union groups sought maximums of \$30 a week or more.

Still pending was another unemployment compensation measure changing the method of calculating employer contribution rates. It would establish the so-called employer reserve system if approved by Duff.

### WITHDRAWAL OF WALLGREN SEEN AS SIGNIFICANT

By JACK BELL

Washington, May 18 (AP)—President Truman's surrender on the Wallgren appointment started speculation today that he may soften his demand for outright repeal of the Taft-Hartley act.

Three things Mr. Truman has been standing for—steadfastly or stubbornly, according to the varying political descriptions:

1. He repeated again and again that he wanted Mon C. Wallgren, former Washington governor, to head the National Security Resources Board.

2. He said over and over he wants metropolitan population at more than 300,000, was one of the hardest hit by the storms.

Approximately 1,000 of the homeless were quartered in the city's Will Rogers Memorial coliseum. Others were living in schools, clubhouses, the city recreation building and the Carswell Air Force base gymnasium. Police patrolled the flood areas to prevent looting.

**WATER-SKIING, DOUBLE**—Bruce Parker, U. S. champion, and Muriel Schard give Puerto Ricans a new thrill as they whizz over the waters of Lucille Lake at 30 miles an hour.

all-the-way repeal of the Taft-Hartley labor law.

3. He reiterated—but once or twice hedged slightly—that Congress ought to vote \$4,000,000,000 in new taxes.

**Discords And Compromise**

Wallgren went overboard with the President's withdrawal yesterday of his bottled-up nomination. Taxes seemingly are going to have to wait until next year. But the President has made it clear he wants a substitute for the Taft-Hartley act in this session of Congress.

Democratic leaders have told him he probably will have to compromise to get it—in other words, he can get part, but not all, of Taft-Hartley repealed.

The fact that the President could give up on Wallgren, one of his closest personal friends, convinced some law makers that Mr. Truman may not find it too difficult to com-

promise on the labor act.

It took Mr. Truman 99 days after he first submitted the Wallgren nomination to the Senate to decide that there was no profit in keeping it locked up in the cold storage vault of the armed services committee.

The appointment was put there by a vote of six Republicans and Sen-

ator Byrd (D.-Va.) to table. As long as that vote stood, there was no chance to get the issue before the Senate.

Mr. Truman's lieutenants are reported to have tried hard to sway Byrd or any one of the Republicans. They failed and the President's reported recent remark that there were too many Byrds in Congress may have showed his reaction to this failure.

It was the second time that about the same thing happened to the President. His nomination of an- Pauley finally asked that it be with-

# News Of Interest To Upper Communities Of County

## Veteran Biglerville Burgess Busy With Railroad Job, Store, Church Affairs; Proud Of Town

J. HOKE SLAYBAUGH

Biglerville is one community that believes in keeping a good thing when it has one and as a result J. Hoke Slaybaugh, the Burgess of Biglerville, is probably dean among the burgesses in the county.

Slaybaugh started as Burgess 15 years ago and has considered at the expiration of every term since the possibility of "retiring" from the job. And every time the voters have put him back.

Quiet spoken, friendly and industrious, the Biglerville Burgess has seen a lot of changes since he first took over administrative reins.

For one thing, the town has grown, as a matter of fact, has almost doubled its area. Streets that did not exist at the time Slaybaugh first became Burgess are now paved thoroughfares, lined with new and modern houses.

**Proud Of Progress**  
The Burgess expresses his pride in the community by pointing out that Biglerville probably has the largest percentage of new and modern homes of any borough in the county.

Slaybaugh points out that the town is noted for its pleasant, well-kept homes and will take anybody on a tour of the community to prove it.

One of the most recent developments, of which the Burgess is proud, is the new main street laid down

and then in 1910 started with the Reading railroad in the Biglerville office, a post he has held since.

A number of years ago he opened a grocery store, located near the Biglerville railroad station and he and Mrs. Slaybaugh continue to operate the store.

**Active Churchman**  
Besides operating a store, handling the railroad duties and the borough problems, Slaybaugh has also been active in the Biglerville Evangelical United Brethren church. For the past two years he has been an active Sunday school teacher. At one time before that he was Sunday school superintendent. And he has been active in all the programs, fund raising campaigns and other activities that a church normally carries out.

One son, Richard Slaybaugh, is a teacher at Williamsport, and so far has made his father the proud grandfather of three. In addition the Burgess has two other youngsters, Jacqueline, now in the fifth grade at the Biglerville school and Adrian, in the third grade.

The Burgess tells all that Biglerville is a good place to live, and bring up children. And he gives all credit for that to "the excellent town councils the town has always had and the general excellence of the residents of the town."

**Housing Situation Tight**  
One thing however has not changed as much as the Burgess would like—the town's housing situation. He points out that the town could stand "possibly 100 new houses" to take care of all of the people who would like to live in Biglerville.

Each year, he points out, new houses have gone up in the town, but always the housing situation has remained "tight," with the number of people who would like to live in Biglerville outnumbering the houses available for them. At present a half-dozen houses are in process of construction, but the Burgess admits that the number is too small to fill the demands.

But he adds that "it's a problem that will never be solved as long as the town has excellent labor conditions, a multitude of jobs available and residents who make such good neighbors."

**Cahokia, the oldest town in Illinois**, was founded in 1699 as an Indian mission station by French priests from Quebec.

## Things Of The Soil

### GROWING SORGHUM FOR SIRUP

Sorghums are divided into three main botanical groups—those grown for their grain, broomcorn, and sweet-sap kinds. The latter are by far the most exacting as regards time of planting, as they demand a warm soil and at the same time require a fairly long growing season. Therefore, growers must place emphasis on planting as soon as danger of cold, wet weather is past, yet keep in mind the fact that the stalks must mature fully before unseasonably early frosts are likely in early fall.

A second factor related to planting time is the importance of preparing a fine but well settled seed bed. In most cases the soil should be plowed well in advance of planting time and then worked to a fine bed, firm but friable. Rough, cloddy soils are unsuited for this crop.

The popular amber variety requires 75 to 100 days from date of planting seed for stalks to mature. The Orange variety, having slightly heavier stalks, requires a week to 10 days more time. It is usually a wise practice to select a variety that is known to thrive in the immediate region, inasmuch as sorghum varieties vary somewhat in

both quantity and sweetness of sap from one region to another.

Commercial fertilizer, although it in no degree serves as a substitute for natural soil fertility and plenty of moisture-holding organic matter, stimulates growth. A mixture with a high phosphorus content is recommended, something near a 4-12-4 strength, preferably broadcast and worked into the top soil before planting time. Every progressive grower of sorghum for sirup should experiment with varying strengths and kinds of fertilizer, as there is apparently a close relation between fertilizers and sap quality. And of course, quantity of sap depends on a nice balancing of plant nutrients.

Complete eradication of weeds and grass is stressed, although cultivation should never be deep for this purpose. Obviously the main purpose in frequent cultivation is to keep foreign plants from competition with the stalks. Removal of weeds by hand is often satisfactory. Sorghum cane for sirup should be planted close and plants later thinned to stand about 6 inches apart in rows 3 to 3½ feet wide. This spacing soon provides so heavy a top growth that the ground becomes too heavily shaded for many kinds of competitive weeds.

Two excellent by-products come from sorghum growing besides the nutritious and tasty sirup of molasses, as the product has long been called. These are the fine heavy

seed heads and the bagasse left after sap is crushed from the stalks. Poultry, song birds, quail, pheasants and other fowls relish the seeds over winter. No better means of feeding quail can be devised than to have an adequate supply of sorghum heads to distribute to them two or three times a week from late fall until spring.

Formerly farmers burned the bagasse. But in recent years many have discovered this refuse is excellent mulch to use between rows of strawberries, for example, conserving soil moisture while providing a clean bed on which the berries rest while growing and ripening. Of course, the heavy crop of leaves

removed at blading time contributes no minor supply of roughage for cattle and sheep. Both bagasse and leaves may be plowed under for soil improvement if the latter is not needed as roughage.

Farmers with questions about growing this crop and making the sirup are invited to write the editor.

**Get Corn Club Blanks**—Entry blanks for the Pennsylvania Corn club, which will be operating again for the second year, may be obtained from county agricultural agents. Methods for determining yields and other details of the contest are contained in the information furnished with the blanks, according to Frank G. Bamer, extension agronomist of the Pennsylvania State college.

**Range Saves Money**—More good poultrymen than ever before will be using pastures this summer for their

poultry as a means for cutting down on expenses. If cattle use the same range, poultry feeders and waterers should be fenced off.

**More Fall Freshening**—Because of more winter breeding, the increase in fall freshening of dairy cattle (desired for year-round even milk flow) likely will continue, says Joe S. Taylor, extension dairy specialist at the Pennsylvania State college.

**Stress Farm Safety**—Senior Extension clubs, which are made up of young farmers and young farm women, will have farm and home safety as one of their projects this year, according to C. P. Lang, assistant 4-H Club leader at Penn State.

# Interesting News Of Upper Adams Countians And Their Enterprises

## REAL ESTATE PRICES FOUND 'LEVELING OFF'

Farm real estate prices in the upper Adams county area are leveling off while prices for residential structures in the boroughs are definitely dropping below the "inflated" amounts paid a few years back, a survey today showed.

Bankers, real estate dealers and recorded deeds, agreed that farm prices have more or less stabilized and may be dropping. Sales of farms have dropped below that of previous years, with fewer farms being sold. The few that are sold are going for "good prices," it was pointed out, but "buyers are hesitant to sink large sums into farms, and thus the number of farms sold is decreasing," one banker put it.

In addition many farmers who had reached the retirement age, or neared it, held on to their farms through the war years as a patriotic duty. When the war was over and the need for their efforts had diminished somewhat many finally retired and for a time there was a flurry of sales of farms.

**Dwelling Prices Drop**  
Residential prices however have suffered a decided drop in most localities, the reports showed. One person who offered a house for \$15,000, and spurned an offer of \$12,000 a little over a year ago, finally had to sell at below \$10,000. "People are simply not paying high inflated prices for homes today and I for one think it is a good thing," one upper county bank official said.

The situation in the upper part of the county reflects a general situation throughout the state, judging by a dispatch from Harrisburg. The story states:

**State Trends**  
Although Pennsylvania farm real estate prices are now at record high levels, the percentage of increase in the 12 months ended March 1 showed a drop for the third consecutive year, according to federal-state surveys announced today by state Secretary of Agriculture Miles Horst.

Value of farms in Pennsylvania reflected an increase of seven per cent during the year compared with an increase of eight per cent the year previous and 10 per cent in 1947, the secretary pointed out.

The state's farm real estate index now stands at 165, based on 1912-14 values equaling 100. This is 83 per cent above the 1940 level and 18 per cent above the highest point reached in the post-World War 1 period, 140 in 1920.

Secretary Horst said that between last November and this March, the national index of farm real estate values turned downward for the first time in 10 years. At 175, the index for March is one per cent below last November and only three per cent above March a year ago. This gain compares with the increase of seven per cent during the year ended March 1948 and is the smallest since 1940-41.

## Production Of Eggs Declined In April

Production of eggs on Pennsylvania farms has started to decline, according to federal-state surveys announced today by the state Department of Agriculture.

The average numbers of layers in Pennsylvania farm flocks during April was 17,168,000 or five per cent below the March average. April egg production at 312,000,000 was 15,000,000 under March and 16,000,000 below

## Bumper Wheat Crop Forecast In State

A Pennsylvania winter wheat crop that will be nearly two and three-fourths million bushels better than average production for the 10-year period 1938-47, is predicted for 1949 in federal-state May 1 crop estimates announced by the state Department of Agriculture.

Farmers of the state this year will produce the smallest rye crop on record, the same source disclosed.

While this year's Pennsylvania wheat crop will not set a new record, the estimate of 2,114,000 bushels is nearly three million greater than the 1948 crop, much of which was lost because of black stem rust. The 1949 crop is being grown on 918,000 acres, nearly 50,000 fewer than last year. However, the yield per acre on May 1, was estimated at 23 bushels, four more than in 1948 and nearly two and a half bushels greater than average. The state yield this year is estimated to be 4.6 bushels per acre higher than the average for the United States.

**Penn State Open House**—Many of the farm tours made annually to the Pennsylvania State college will be scheduled this year June 15, 16, and 17, a period designated as "open house."

**Wait for Warm Weather**—Corn planted too early may have a poor stand, a slow start, and a hard fight against weeds, reminds J. B. R. Dickey, Penn State extension agronomist.

low production for April 1948, the survey revealed.

Prices received by farmers for eggs advanced but feed costs also increased, the department said.

## Hay, Pasture Stands In Good Condition

In spite of freezing temperatures on April 17 and 29 that damaged clover and alfalfa and slowed growth of pasture grasses in scattered localities of Pennsylvania, stands by May 1 were generally in good condition, the state Department of Agriculture reported following federal-state surveys.

Most winter-kill was restricted to low spots in poorly drained fields. Growth of hays and pastures was fairly rapid except in the northern and western parts of the state where cooler temperatures prevailed.

Condition of hay on May 1 was estimated at 91 per cent of normal. Stocks of hay on farms were reported at 583,000 tons or 17 per cent of the 1948 crop compared with 16 per cent a year earlier and the average of 14.9 per cent. Pastures were reported as 89 per cent of normal, the same as a year ago.

Plowing for spring planting on Pennsylvania farms by May 1 was well ahead of the same date last year, being 72 per cent completed compared with the average of 64 per cent. Planting this May 1 was 47 per cent completed against 46 per cent a year earlier and the average of 42 per cent.

## Heavy Bloom May Mean Much Thinning

The heavy set of fruit in Pennsylvania orchards this year is likely to require an excessive amount of expensive thinning according to conditions the first of this month, the state Department of Agriculture reported from federal-state surveys. Observers said manual thinning activities will depend largely on the

## FARM CALENDAR

**Keep Egg Rooms Cool**—The problem of keeping the egg holding room cool and moist during the summer is being solved by many poultrymen. They shade windows, keep doors closed, use an electric fan, and ventilate at night when the outside air is cooler than during the day. Water trickling down the side of a concrete wall helps build up humidity to the desired 75 per cent.

**Produce Cleaner Milk**—Farmers who have adopted the managed, or fast, milking routine report they are now producing cleaner milk, according to I. E. Parkin, extension dairy specialist of the Pennsylvania State college. They also get more milk, do the job faster, and take better care of udders.

**Chicks Prefer Sod**—A dense sod, free from puddles, affords a protective carpeting for young chicks getting their initial out-door experience, and provides succulent tender grass of high feeding value, says

extent of the usual June drop where by nature does its own thinning.

The bloom of fruit trees was reported as "very heavy" in all areas, especially apples. Growers were optimistic at the beginning of the month. In the southern counties all fruits blossomed from three to ten days earlier than last year but in the northern area they were delayed by the cool, wet weather of early April. Cool weather in the south also prolonged the period of bloom, especially for peaches, and frost damage was scattered and light, confined mostly to peaches and early sweet cherries.

# EAST GERMANS' VOTE HAMPER REDS IN PARIS

By WES GALLAGHER  
Berlin, May 18 (AP)—Eastern Germany's 4,000,000 votes against Communism may have thrown gravel into the gears of Soviet strategy at the four power talks in Paris opening Monday.  
The Communists claimed a "tremendous victory" in the east German election, but the fact that one-third of the voters went against them clearly was as staggering a blow to them as it was a surprise to everybody else.  
As a result the Soviet Union may pause, now, and reappraise its plans of action in the Paris conference. For instance, she must weigh new factors in deciding what position to take on any proposal for withdrawal of all armies of occupation from Germany.

**Some Lacked Courage**  
Before the election, the Russians had been reported as favoring withdrawal by both east and west occupation forces, presumably with the idea that east German Communists were strong enough to seize control of any central German government embracing all zones, either at once or later.

But in the voting Sunday and Monday in the Russian zone, 12,024,221 voters cast valid ballots. They had the choice of voting for a hand-picked slate of candidates for election to a "People's Congress" (Soviet-style parliament) for eastern Germany, or voting against the ticket. Yet 4,000,272 persons voted "no" as evidence that they didn't want Communist rule.  
There arises, then, this obvious

## Emmitsburg

Emmitsburg—The newly-elected mayor and one new commissioner were inducted into office last Tuesday evening at the regular meeting in their office at the Firemen's hall. Mayor Thornton W. Rodgers succeeded himself at the recent election and John J. Hollinger replaced former Commissioner Luther Kugler. James T. Hays was re-elected chairman of the board of commissioners. The officials announced that the clean-up days will be May 24 and 25, and a contract was let to Mr. Wireman to haul the rubbish away and dispose of it at \$4 per truckload. The co-operation of the citizens of the town is asked in this attempt to clean up their property.

Miss Louise Sebald was re-appointed town clerk and tax collector for another one-year term.

question: In an area swarming with Soviet troops and Communist spies, how many voted for the Communist slate, although actually wishing they had the courage to vote against it?

**Strengthens Western Hand**  
The one-third "no" vote enormously strengthens the hands of the United States, Britain and France in the Paris meetings. They now will face the Russian strategists knowing that west Germany's 46,000,000 inhabitants are solidly opposed to Communism, and at least a third of those under Russian rule don't like it any better.

Walter Ulbricht, a top east German Communist leader, clearly was stung by the vote, although he called it a "tremendous victory." He met with Socialist Unity (Communist) party officials and told them "we must make every effort now to win a majority of the 'no' voters for German Unity." He said an appeal to their Nationalism still seemed the best tactic.

The meeting day of the burgess and commissioners from now on will be the first Tuesday of the month instead of the second Tuesday. It was disclosed at the meeting that total of seven bonds was outstanding and that the balance in the treasury was \$11,970.79. The parking meters will definitely go into effect Monday, May 23, with two-hour parking, including the square. The meters will operate daily from 8 a. m. to 6 p. m. and from 8 a. m. to 9 p. m. on Saturdays. They will not be in operation on Sundays or holidays. Chairman Hays announced that the drawing up of the new and revised town ordinances is complete and that they are now ready for printing.

The Emmitsburg Lions club met in regular session recently at the Lutheran parish house. President Herbert Roger introduced the guest speaker of the evening, District Governor Clarence O. Fishpaw, who praised the local club for its activities of the past year and congratulated them on their excellent attendance record, stating that it was mentioned for national honors. Mr. Fishpaw spoke chiefly about the plans for the district's annual convention to be held in Atlantic City and also the national convention which will be staged in New York city. Lion John R. Payne was thanked by the president for his efforts in procuring the new route signs which were placed about town recently. A report on the recent card party which was held for the benefit of the playground was given by the president. The attendance including guests from Cumberland and Union Bridge numbered approximately 40.

Robert M. Gillelan, U. S. Navy, Philadelphia, spent the week-end at the home of his parents, Mr. and Mrs. H. Robert Gillelan.

The Sanders reunion was held on Sunday at the home of Mr. and Mrs. Guy A. Baker. Approximately 100 were in attendance.

Forty-one members of the local Council of Knights of Columbus received Holy Communion in a body on Sunday morning at St. Joseph's Catholic church. After the mass a Communion breakfast was served the communicants and guests at the White House Inn. Guests present were: State Deputy Frank A. Shallenberger, State Warden Thomas Hodge, both of Baltimore; District Deputy Austin C. Thomas, Frederick; Father Keefer and Father O'Brien of St. Vincent's House, Emmitsburg. Twenty-five year pins were presented to: Felix Adams, Robert Burdner, Jacob Baker, Raymond Dukehart, C. Edgar Dukehart, B. J. Eckenrode, A. W. Eckenrode, J. Warren Gelwicks, Felix Hemler, J. Ward Kerrigan, J. Lewis Kelly, James C. Myers, Francis E. McNulty, Lawrence Orndorff, Claude A. O'Toole, Gerald N. Ryder, Henry Troxell, George Thompson, Maurice A. Topper, Charles Wachter and William Zurgable. Besides the twenty-five year pin an honorary life membership was presented to A. W. Eckenrode, who is past 75 years of age and has been a member over 25 years. "Bud" Burdner, son of Mr. and Mrs. Robert Burdner has accepted

a position with the Beh & Co., Inc., of New York. He will be working at Beaver Falls, Pa., after his resignation becomes effective with the Veterans Administration at Pittsburgh.

Thomas Harbaugh, East Main street, who has been a patient at the Newton D. Baker hospital, Martinsburg, W. Va., returned to his home during the past week.

Mr. and Mrs. Dallas Carson and children, Mary and James, of Emmitsburg; Mr. and Mrs. Bernard Kuhn, Gettysburg; Mrs. Charles Brawner and Mrs. Charles Brawner, Jr., and son, "Butch," Emmitsburg, visited Charles Brawner, Jr., a patient at the Newton D. Baker Veterans' hospital, Martinsburg, W. Va., Sunday.

Mr. and Mrs. Leo Messman, Elizabeth, Pa., were guests during the past week of Mr. and Mrs. Cloyd Seiss.

Mr. and Mrs. Harry Haugh, Blue Ridge Summit, spent last Sunday evening with Mr. and Mrs. Lewis Kugler.

Mr. and Mrs. Louis Topper and family spent Saturday in Frederick. Mr. and Mrs. Raymond Baker recently purchased the Roy Baker

property on Frailey's road.  
Mr. and Mrs. Jerome Peters, Baltimore, spent from Friday until Sunday with Mr. and Mrs. Guy Baker. They attended the junior-senior prom of St. Joseph's high school Newry, Pa.

Friday evening.  
Mr. and Mrs. John F. Kelly were visitors over the week-end of their son and daughter-in-law, Mr. and Mrs. Pius E. Kelly, and family, of prom of St. Joseph's high school Newry, Pa.
